Shadow Slate

Harvest Slate

Mountain Slate

Taupe Slate

### Selecting a Color For Your Roof

To ensure complete satisfaction, please make your final color selection from several full size shingles and view a sample of the product installed on a home. Be sure to look at the color samples of all materials in natural sunlight, at different times of day to ensure that your color choices are complementary. **Colors shown in printed materials may not be accurate, and color chips do not reflect the dramatic color blends of the full shingle.**

# Majestic and refined: Bring luxury to your home.

Product Specifications	Length	Width	Exposure	Coverage Per Bundle	Standards <sup>1</sup>	Limited Warranty <sup>1</sup>	Iron Clad Protection <sup>1</sup>	Limited Wind Warranty <sup>1</sup>	Limited High Wind Warranty Upgrade <sup>1,2</sup>	Algae Resistant <sup>1</sup>

**Note:** All values shown are approximate. <sup>1</sup>Product is designed and tested to comply with ASTM/CSA Standards at time of manufacture prior to packaging. <sup>1</sup> See Limited Warranty for complete terms, conditions, restrictions and application requirements. <sup>2</sup>High wind applications only.

Shingles alone are sometimes not enough to protect your home. IKO has developed a superior multi-layered roofing system incorporating our industry-leading products.

IKO's Pro 4 Roofing System is setting the standard in protecting your home.

**IKO's Shingles** Crowne Slate, Armourshake, Royal Estate, Cambridge AR and Marathon shingles are created using the industry's most advanced technology and selected by consumers who demand the best in terms of quality, durability and value. Along with one of IKO's quality shingles, your Pro 4 System includes these accessory products;

### 1. Eave Protection

GoldShield, ArmourGard, or StormShield Ice & Water Protectors  
IKO's Ice & Water Protectors provide a second line of defense against water penetration due to ice dams or wind-driven rain and the costly damage it can cause. This product is also strongly recommended for sealing around vents, low pitch areas, ridges, hips, rake edges, chimneys, dormers, vent stacks, and skylights.

### 2. Underlayment

RoofGard-Cool Grey Underlayment  
Use our innovative RoofGard-Cool Grey synthetic underlayment for total deck protection.

### 3. Roof Starters

Leading Edge Plus Starter Strips  
Fast, easy and convenient. IKO's Starter Strips are already cut to size saving valuable time during the installation of the first course of shingles. Compatible with all existing IKO Shingles, Leading Edge Plus includes a sealant strip at the bottom edge allowing for a tight seal.

### 4. Ridge Cap Shingles

Hip and Ridge, Hip & Ridge Plus, Hip & Ridge 12 Cap Shingles or Ultra HP™  
High Profile Ridge Cap Shingles  
Ridge cap shingles are required where roof planes meet, and provide additional protection along these high stress areas of the roof, enhancing your home's aesthetic appeal by accentuating the roof line.

\*Product Availability may vary by region.

Shingle Swatches shown are as accurate as modern printing processes allow. Shingle chips shown do not fully represent the entire color blend range of the shingles. To ensure complete satisfaction please make your final color selection from several full size shingles and view a sample of the product installed on a home.
